Everyone,

I'm happy to present to you with the proposed agreement between the town and the airport for the next 20 years! I hope this email finds you all well. On a side note, some of you may have heard rumors regarding a large financial opportunity for the airport in the amount of \$17.9 million dollars. We don't have a final plan for its use, but I hope we can do great things with it for the airport, and our town. I will have more details at a later date. We look forward to working with you all as we try to come to an agreement on our common interests with this agreement.

Please see the attached documents.

As referenced by the proposed agreement, the most recent Master Plan can be accessed by the following link:

Thank you,

Jeremy B. Shaw
